ANNUAL STUDENT UPDATE... VERY IMPORTANT!!!

This year, you will need to log in to your Home Access Center (HAC) account to complete the Annual Student Update form electronically for each child who lives with you by Friday, September 16, 2022. This process replaces the emergency form and several other permission forms and acknowledgements that are required each school year. Only one guardian for each child may complete this process, which is critical to school operations. Once each child's form is done, it will be marked complete in eSchoolPlus, our student information system.

Logging in to HAC: Please navigate to the Parents page of the Calvertnet website (www.calvertnet.k12.md.us) and select [Home Access Center](#) (HAC) under Important Information. Here, enter your HAC user name and password. If you've never logged into HAC before, please use the "Click Here to Register for HAC" link to sign up for an account. If you cannot remember your HAC user name or password, please use the "Forgot My User Name or Password" link. If you are unable to access HAC for any reason, please contact your child's school.

Completing the Annual Student Update: Once you are in HAC, click on the Registration menu item, then select the Update Enrollment tab and click "Start" next to Annual Student Update.

You may be asked to check a box affirming you are 13 years or older, click “Begin Forms.” Take your time filling out each section of the Annual Student Update form before submitting.

Completing the Annual Student Update for Additional Children: If you have other children who live with you, use the drop-down arrow in the upper right-hand corner of HAC (circled below) to toggle to another child. Select the circle next to the child’s name, click “Submit,” and navigate to the Update Enrollment tab in the Registration menu.

When you click “Start” on additional children, you will see the following prompt:

Annual Student Update

You've already submitted this form for Connor. Would you like to import the relevant information to save time?

If you are not Roy (70888a7b-188f-49d8-9024-d68f8a7f06dc@sso.powerschool.com), [sign out](#).

Selecting "Import" will use the previous submission to prefill some fields on the form such as emergency contacts, doctor's name, etc. and will save you time. Selecting "Start from Scratch" will use information that is already in eSchool for your next child, but it will not import any of the changes you entered for your first child. We recommend selecting "Import" if relevant information shared between your children was entered in the first Annual Student Update form you submitted. We recommend "Start from Scratch" if you would prefer to keep them separate.

Continue this process until the Annual Student Update form has been completed for each of the children who live with you.

As a reminder, please be sure to have the forms completed by **Friday, September 16, 2022**. If you have any questions or concerns about HAC or the Annual Student Update form, please contact your child's school.

Thank you.
