Message from the Health Room:

Parents,

As you are aware the County Health Department came to our school on March 18th and 19th to perform our Hearing and Vision screenings. If your child did not pass one of these screenings a letter of notification was mailed to your primary address. This letter also asks that you take your child to a physician for testing and to have the physician complete the lower portion of the form which should be returned to the school nurse within 30 days.

If you received a letter of screening follow up required; please take the time to have your student's physician complete the form and return it to the school nurse by April 24th.

Thank you for your assistance in my care of your child,

Kimberly N. Hill, RN

School Nurse
